Technical specifications

Type	Self-adhesive anti-slip tape
Surface	Gritted, like fine sandpaper
Width	5 cm
Length	25 m
Color	Black
Resistance	Does not shrink; withstands temperature changes, humidity, UV and detergents
Application	On a clean, dry, grease-free surface; tears by hand, press it down firmly; 1-2 cm from the edge of the step

Description

A wet step, a metal ramp or a dusty loading platform turns slippery just when you are in a hurry. The ATZ R11 is a self-adhesive tape with a gritty surface, like fine sandpaper, that gives soles grip on smooth surfaces. It sticks straight onto the step or ramp.

Technical data

- width: 5 cm;
- length: 25 m per roll;
- colour: black;
- weight: 0.9 kg.

Durability
The tape has very good adhesion, does not shrink after application and withstands temperature changes, moisture, UV and cleaning products, so it works outdoors and in areas that are washed often.

Applying it
Clean and dry the surface thoroughly, tear the tape by hand to length and press it down firmly. On a staircase with 1 m steps, one roll covers about 25 steps with one strip each.

Where it is used
On steps and stairs, ramps for people and trolleys, loading platforms, vehicle steps and in halls or workshops, at home or at work.

Other sizes
For narrow edges there is the 2.5 cm ATZ R09, and for a single staircase the ATZ R10, a shorter 15 m roll.
