Technical specifications

Type	Reflective tape for vehicles
Design	Honeycomb, hexagonal cells
Width	5 cm
Length	46 m
Color	Metallic silver
Adhesive	Aggressive, pressure-sensitive
Application temperature	10-30 °C, surface and air
Surface	Flat, clean, dry and rust-free, without rivets
Resistance	To delamination, fading and peeling
Vehicles	Trucks, trailers, semi-trailers, buses, caravans, tankers, fire and rescue vehicles

Description

By day, the ATO 8408 looks like a discreet silver strip that suits almost any bodywork colour. At night, in headlights, the honeycomb pattern reflects strongly and outlines the vehicle. It is the right choice when you want visibility without changing the look of a coach, a motorhome or a van.

Technical data

- width: 5 cm;
- length: 46 m per roll;
- colour: metallic silver;
- weight: 1.2 kg.

Applying it

The aggressive pressure-sensitive adhesive grips flat, clean, dry, rust-free surfaces with no rivets. Apply the tape at 10-30 °C and press it down well along its length. It resists delamination, fading and peeling.

Which vehicles

Coaches and buses, motorhomes and caravans, vans, lorries, tankers, fire engines and rescue vehicles.

Other versions

Silver in 10 cm is the ATO 8412. For a colour that also stands out by day, the 5 cm yellow version is the ATO 8406. For an ECE 104 approved white outline on lorry sides, see the ATO 8415.
