Description

At the meeting of this sign, overtaking vehicles, except for motorcycles without sidecars, is prohibited. The driver who encounters this sign is not allowed to overtake any motor vehicle, except for motorcycles without sidecars. However, they are allowed to overtake simple vehicles, such as bicycles, animal-drawn vehicles, or hand-pushed or pulled vehicles.

The range of the sign ends at the meeting of the "End of overtaking prohibition" or "End of all restrictions" sign. This condition applies if there has been any restriction established on that section of the road. Additionally, the area of action of the sign may also be limited by the corner of the first intersection in the direction of travel, where its action practically ceases.

In its area of action, stopping is also prohibited, as well as parking, turning, and reversing. This sign is sold for the best road solutions at Atto Trafic!
