Technical specifications

Material	PP
Reflective	Honeycomb
Thread	35 mm

Description

A blue background with the white wheelchair symbol is the form every driver knows for reserved spaces. The ATZ 358 is a 34 × 40 cm plastic panel with this symbol, which you put on a portable post at the head of the parking space, where there is no fixed sign yet or where the space is reserved only for a while.

Technical data

- dimensions: 34 × 40 cm;
- material: PP, with honeycomb reflective film;
- white symbol on a blue background;
- handle on top, 35 mm threaded base;
- weight: 0.55 kg.

Mounting

It screws into the threaded socket of a portable post, such as the ATZ 63315R2 or ATZ 11015R4, or straight into the thread at the top of a cone. On cones with a loop on top, cut off the loop first. The top handle makes the panel quick to move.

Where it is used

In the car parks of supermarkets, hospitals, public institutions and office buildings, at sports and cultural events, and in temporary car parks.

At night

The honeycomb reflective film makes the panel visible in headlights, so the reserved space shows in the evening too.

Other versions

On a yellow background, in the same size, there is the ATZ 357. For an ordinary car park, see the ATZ 359.
