Technical specifications

Material	PP
Reflective	Honeycomb
Thread	35 mm

Description

The ATZ 957 is the square, more compact version of the panel for spaces reserved for disabled drivers: 30 × 30 cm, with the white wheelchair symbol on a yellow background. It takes up less room than the 34 × 40 cm panel and suits slim posts or tight spots between two parking spaces.

Technical data

- dimensions: 30 × 30 cm;
- material: PP, with honeycomb reflective film;
- white symbol on a yellow background;
- handle on top, 35 mm threaded base.

Mounting

It screws into the threaded socket of a portable post, such as the ATZ 63315R2, or straight into the thread at the top of a cone. On cones with a loop on top, cut off the loop first.

Ready assembled

The ATS 63315-957 (Ø6.3 × 100 cm post) and ATS 11015-957 (Ø11 × 120 cm post) sets come with this sign already on the post.

Where it is used

In the car parks of shops and clinics, residential courtyards, at events and in institution car parks, to mark reserved spaces temporarily.

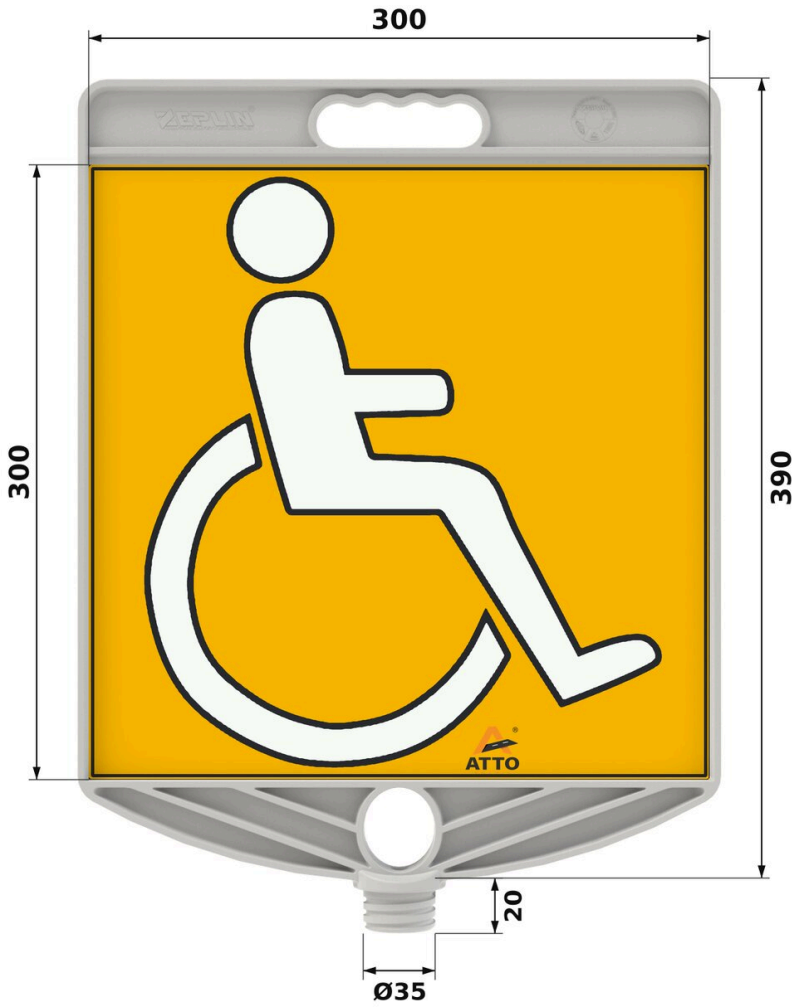

Other versions

Larger, at 34 × 40 cm, are the ATZ 357 (yellow background) and ATZ 358 (blue background).
