Technical specifications

Material	PP
Reflective	Honeycomb
Thread	35 mm

Description

A gate blocked by a parked car or an occupied loading bay costs time every day. The ATZ 545 is the round "No parking" sign, with a blue background, red border and red diagonal bar, which you place exactly where the space must stay free and move when it is no longer needed.

Technical data

- Ø28 cm disc;
- material: PP, with honeycomb reflective film;
- handle on top, 35 mm threaded base;
- weight: 0.35 kg.

Mounting

The sign screws into the threaded socket of a portable post, such as the ATZ 63315R2, or straight into the thread at the top of a cone. On cones with a loop on top, cut off the loop first. The reflective film makes it visible at night too.

Ready assembled

If you want the post and the sign together, the ATS 11015-545 (Ø11 × 120 cm post) and ATS 63315-545 (Ø6.3 × 100 cm post) sets come with this sign.

Where it is used

In front of garage doors, service entrances, loading bays, hydrants, or on parking spaces reserved for a while, for example for a house move or a delivery.

Larger

The Ø38 cm version, visible from further away, is the ATZ 645.
