Solar Panel (Dimensions)	32 × 24 cm
Solar Panel (Voltage)	18 V
Solar Panel (Power)	10 W
Battery (Voltage)	12 V
Battery (Capacity)	7 Ah

Description

The “Chevron Panels for Particularly Dangerous Bends, Right” sign in a solar version, 60×60 cm, with Ø10 mm LEDs, powered by a 10 W solar panel and a 12 V / 7 Ah battery. It is used where the retroreflective sheeting of a standard sign is not enough: the LEDs catch drivers’ attention from a distance, day and night, with no mains connection.
