Technical specifications

Type	Additional panel (version outside SR 1848-1:2024)
Shape and colours	White square with a black border, showing a mother with a child and a pram, in black
Size	60 × 60 cm
Material	Galvanised steel sheet, 1 mm
Construction	Rounded corners, pressed edges, no sharp edges
Painting	Electrostatic, UV-resistant paint
Retroreflective sheeting	Class I (RA1), UV-resistant
Retroreflection (white, 0.2°/5°)	70 cd/(lx·m²)
Sheeting service life	7 years

Weight	3.2 kg
Fixings included	2 clamps, 4 bolts with nuts
Post diameter	Ø48 mm (Ø60 mm on request)
Standards	SR EN 12899-1:2007, SR 1848-2:2011
Marking	CE

Description

This is a version of the P17: a mother holding a child's hand and a pram, black on white, for spaces reserved for parents with small children. The figure in SR 1848-1:2024 shows something else, a pregnant woman and a child, so this version is used mainly in private car parks and premises.

When class I is used

The sign has class I (RA1) retroreflective sheeting: 70 cd/(lx·m²) for white and a 7-year service life. It is the economical choice for places without many light sources, such as local, minor and private roads or streets without strong lighting. Where there is street lighting, shop windows or advertising, SR 1848-2 requires prismatic class 2 or 3 sheeting, which stands out better against a lit background.

Where it goes

It goes at parking spaces reserved for parents with small children. Like the P13, it can also stand alone right next to the parking spaces.

As a general rule, additional panels always go under the sign whose meaning they complete, on the same post. The exceptions are the P13 and P17, which may stand alone next to reserved parking spaces.

Technical data

- white square with a black border, showing a mother with a child and a pram, in black, 60 × 60 cm;
- 1 mm galvanised steel sheet, with rounded corners and pressed edges, no sharp edges;
- electrostatically painted with UV-resistant paint;
- class I retroreflective sheeting (RA1), resistant to UV and weathering, with a 7-year service life;
- weight: 3.2 kg;
- fixings included: 2 clamps for Ø48 mm posts and 4 bolts with nuts;
- CE marked; sheet, sheeting and construction meet SR EN 12899-1:2007 and SR 1848-2:2011.

Mounting and size

Fixings for the post are included: 2 clamps for Ø48 mm posts and 4 bolts with nuts; clamps for Ø60 mm posts are available on request. It goes on the same post, right under the sign it completes; the bottom edge of the assembly goes 1.50–2.50 m above the road or kerb.

The post is ordered separately. For a fixed installation in a concrete foundation: the galvanised Ø48 mm post, 300 cm. For temporary use, with no foundation: the Ø48 mm tripod post, 120 cm. On concrete or paving, where you cannot dig: the Ø60 mm flange post, 300 cm, bolted down; for it, ask for the Ø60 mm clamps when you order.

The panel measures 60 × 60 cm.
