Technical specifications

Panel Dimensions	100 × 50 cm
Size on the Drawing	1010 × 520 mm
Material	PVC foam
Color	Yellow
Signs	No entry, Road works
Fits	ATZ 80150 fences (R, W, Y, BL)
Fixing	9 clamps with screws, included

Description

The red no entry disc is on the left of the panel and the road works triangle on the right. Put it where a road or a lane is closed because of works: the first sign stops vehicles from entering, the second shows why.

Size and material

The panel is yellow PVC foam, printed with the signs. We call it 100 × 50 cm; on the fence drawing it measures 1010 × 520 mm. It weighs 1 kg, so it is easy to carry and quick to move from one fence to another.

How it fixes to the fence

It fits every ATZ 80150 signalling fence, 150 × 100 cm, in any color: the red ATZ 80150-R, the white ATZ 80150-W, the yellow ATZ 80150-Y and the blue ATZ 80150-BL. It fixes to the frame in 9 places, with 9 clamps and their screws, which are included.

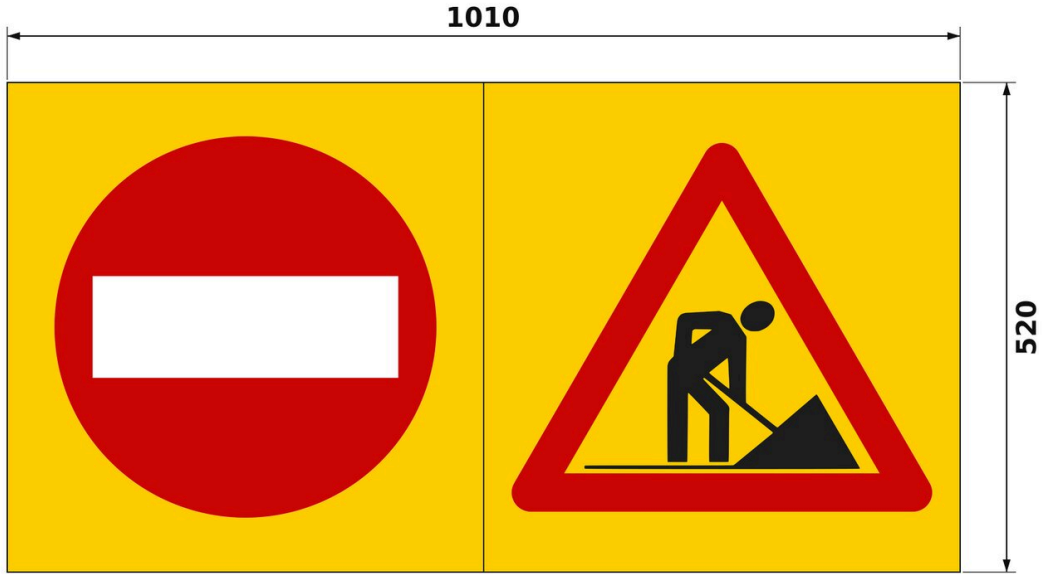

The fence is ordered separately

The fence is not included: order it separately, in the color you want, and fix the panel to it with the clamps supplied. Ready-fitted on the red fence, it is the ATZ 80150-RAL. If the road stays open on one side, the panels with a bypass are the ATZ P150-AO (keep right) and the ATZ P150-OA (keep left). With the road works sign only, there is the ATZ P150-L.
