Description

One sign only, the road works triangle, in the middle of the yellow panel. It announces the work without imposing a direction, so it suits places where traffic keeps its route.

Size and material

The panel is yellow PVC foam, printed with the signs. We call it 100 × 50 cm; on the fence drawing it measures 1010 × 520 mm. It weighs 1 kg, so it is easy to carry and quick to move from one fence to another.

How it fixes to the fence

It fits every ATZ 80150 signalling fence, 150 × 100 cm, in any color: the red ATZ 80150-R, the white ATZ 80150-W, the yellow ATZ 80150-Y and the blue ATZ 80150-BL. It fixes to the frame in 9 places, with 9 clamps and their screws, which are included.

The fence with the panel fitted

The red fence with this panel already fitted is the ATZ 80150-RL. If you also want to guide vehicles on the same panel, see the ATZ P150-OL.
