| **Fixing** | 9 clamps with screws, included |

## Description

The left half carries the road works triangle, the right half the round blue sign with the arrow pointing down-right. It suits work on the left of the lane, with traffic passing on its right.

### Size and material

The panel is yellow PVC foam, printed with the signs. We call it 100 × 50 cm; on the fence drawing it measures 1010 × 520 mm. It weighs 1 kg, so it is easy to carry and quick to move from one fence to another.

### How it fixes to the fence

It fits every ATZ 80150 signalling fence, 150 × 100 cm, in any color: the red ATZ 80150-R, the white ATZ 80150-W, the yellow ATZ 80150-Y and the blue ATZ 80150-BL. It fixes to the frame in 9 places, with 9 clamps and their screws, which are included.

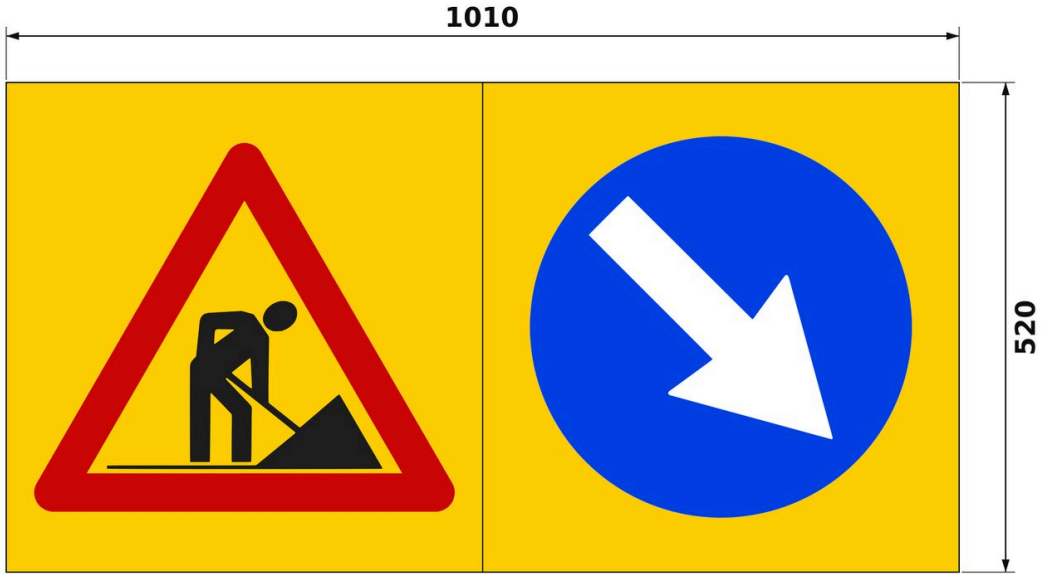

### The fence with the panel fitted

The red fence with this panel already fitted is the ATZ 80150-RLO. The mirrored version, keeping left, is the ATZ P150-OL.
