Description

It has the round blue sign with the arrow pointing down-left on the left, and the red STOP octagon on the right. It says two things at one glance: stop, then pass on the left. It is meant for work points where drivers have to stop before the obstacle.

Size and material

The panel is yellow PVC foam, printed with the signs. We call it 100 × 50 cm; on the fence drawing it measures 1010 × 520 mm. It weighs 1 kg, so it is easy to carry and quick to move from one fence to another.

How it fixes to the fence

It fits every ATZ 80150 signalling fence, 150 × 100 cm, in any color: the red ATZ 80150-R, the white ATZ 80150-W, the yellow ATZ 80150-Y and the blue ATZ 80150-BL. It fixes to the frame in 9 places, with 9 clamps and their screws, which are included.

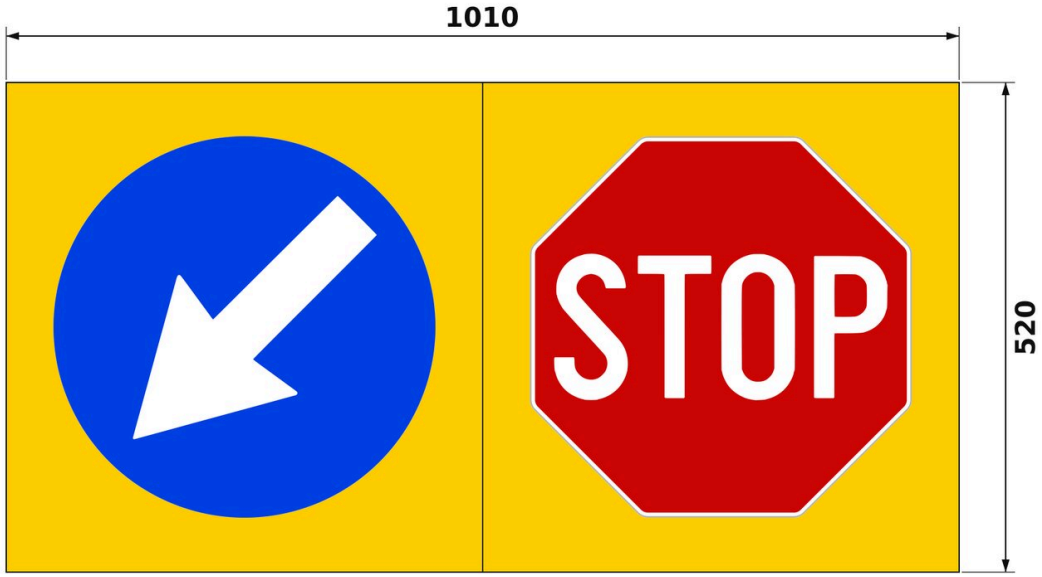

The fence with the panel fitted

The red fence with this panel already fitted is the ATZ 80150-ROS. With the bypass on the right, the same panel is the ATZ P150-SO.
