Description

At an event, a clinic or an institution's car park, spaces for disabled drivers sometimes need marking for just a day or a week. The ATS 11015-957 does it with no paint and no drilling: the ATZ 11015R4 mobile post, with the sign on top, stands on the weight of its base.

The sign

It is square, 30 × 30 cm, with the white wheelchair symbol on a yellow background, in PP with honeycomb reflective film. It has a handle at the top and a 35 mm thread that screws into the post.

The post

- red PPC, Ø11 cm, 120 cm tall;
- 36 cm round PVC base, with 3 fixing points for optional bolting down;
- 4 Type 1 glass-bead reflective films.

The set weighs 6.1 kg and one person can move it.

Where it is used

In shop and clinic car parks, residential yards, at events and in institutions' car parks, for spaces reserved for a limited time.

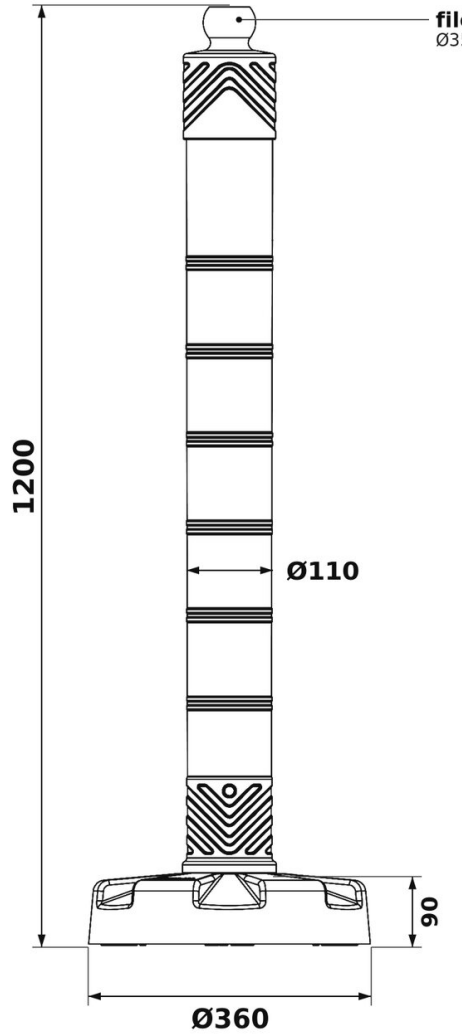

Other versions

On the slimmer Ø6.3 cm post, it is the ATS 63315-957. With a No Parking sign: the ATS 11015-545.
