Technical specifications

Material (Post)	PPC
Material (Base)	PVC
Material (Indicator)	PP
Size (Post)	Ø6.3 cm
Size (Base)	Ø36 cm
Base Shape	Round
Reflective	Type 1 glass bead + Honeycomb

Description

If the sign has to be moved often, from one part of the yard to another or from gate to gate, every kilo counts. The ATS 63315-545 uses the ATZ 63315R2, the lightest mobile post in the range, with the ATZ 545 sign screwed into its top. The whole set weighs 5.4 kg.

The post

- red PPC, Ø6.3 cm, 100 cm tall, with 2 white Type 1 glass-bead reflective films;
- 36 cm round base, with 3 fixing points for optional bolting down;
- a threaded socket at the top.

The sign

A Ø28 cm No Parking disc, blue with a red border and red bar, in PP with honeycomb film; it screws into the socket with its 35 mm thread.

Where it is used

In front of garages and service entrances, in company yards, on spaces kept for a delivery. If you take the sign off, the ATZ 101A hook fits the same thread and you can link the post to others with a chain.

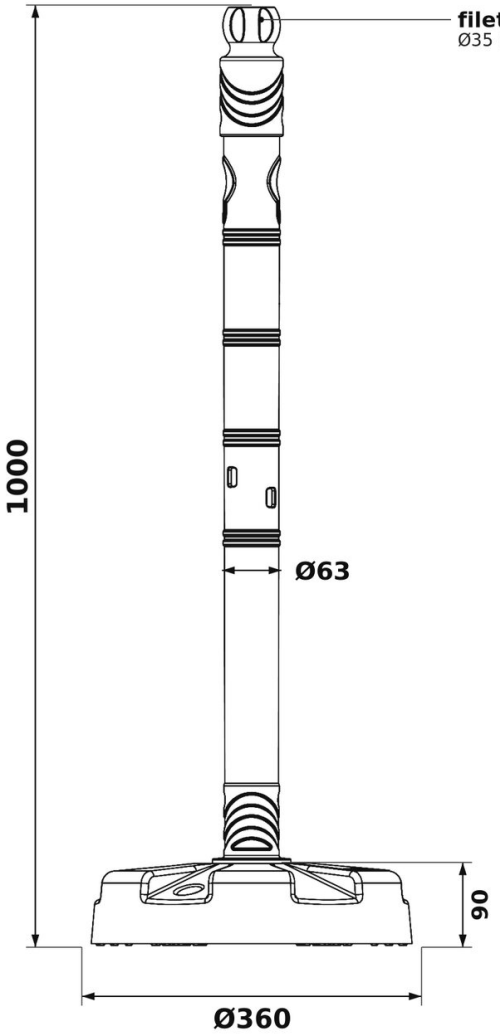

Other versions

On the thicker Ø11 cm post with 4 films: the ATS 11015-545.
