Description

A square disabled parking sign takes up little space and suits slim posts, even between two parking spaces. In the ATS 63315-957 set it sits on the ATZ 63315R2 mobile post, Ø6.3 cm, so the sign goes up and comes down in seconds.

The sign

30 × 30 cm, the white wheelchair symbol on a yellow background, PPC with honeycomb reflective film, a handle at the top and a 35 mm thread.

The post

- red PPC, Ø6.3 cm, 100 cm tall, with 2 Type 1 glass-bead reflective films;
- 36 cm round base, with 3 fixing points if you want it to stay put;
- threaded socket at the top.

The whole set weighs 5.6 kg.

Where it is used

In shop, clinic and institution car parks, at events or in residential yards, wherever a space has to be reserved for a while without markings on the asphalt.
