Color (Base)	Black
Installation	2 Dowels, 2 Screws
Reflective	4 white Type 1 glass-bead films
Top	Ø35 mm inner thread
Chain Fixing	At the top, with the ATZ 101A and ATZ 330A hooks (not included)

Description

The same 120 cm, Ø11 cm post with 4 reflective films as the ATZ 11015R4, but set on a 40 × 60 cm rectangular base. The whole post reaches 10 kg, so it stays put in wind and next to traffic.

When to choose it

When you mount a temporary sign on the post, which catches the wind, or when the post stands next to a busy road at works or interventions. The wide base holds it upright better than the round one.

Optional fixing

The post goes into the socket in the centre of the base. The base has 2 fixing points for anchors and bolts, if you want to anchor it for the duration of a longer job.

Attachments

At the top it has a socket with a Ø35 mm inner thread, into which a threaded plastic sign, a lamp or the ATZ 101A hook screws, no tools needed. The chain fastens to the ring of that hook with the ATZ 330A. Attachments are sold separately.

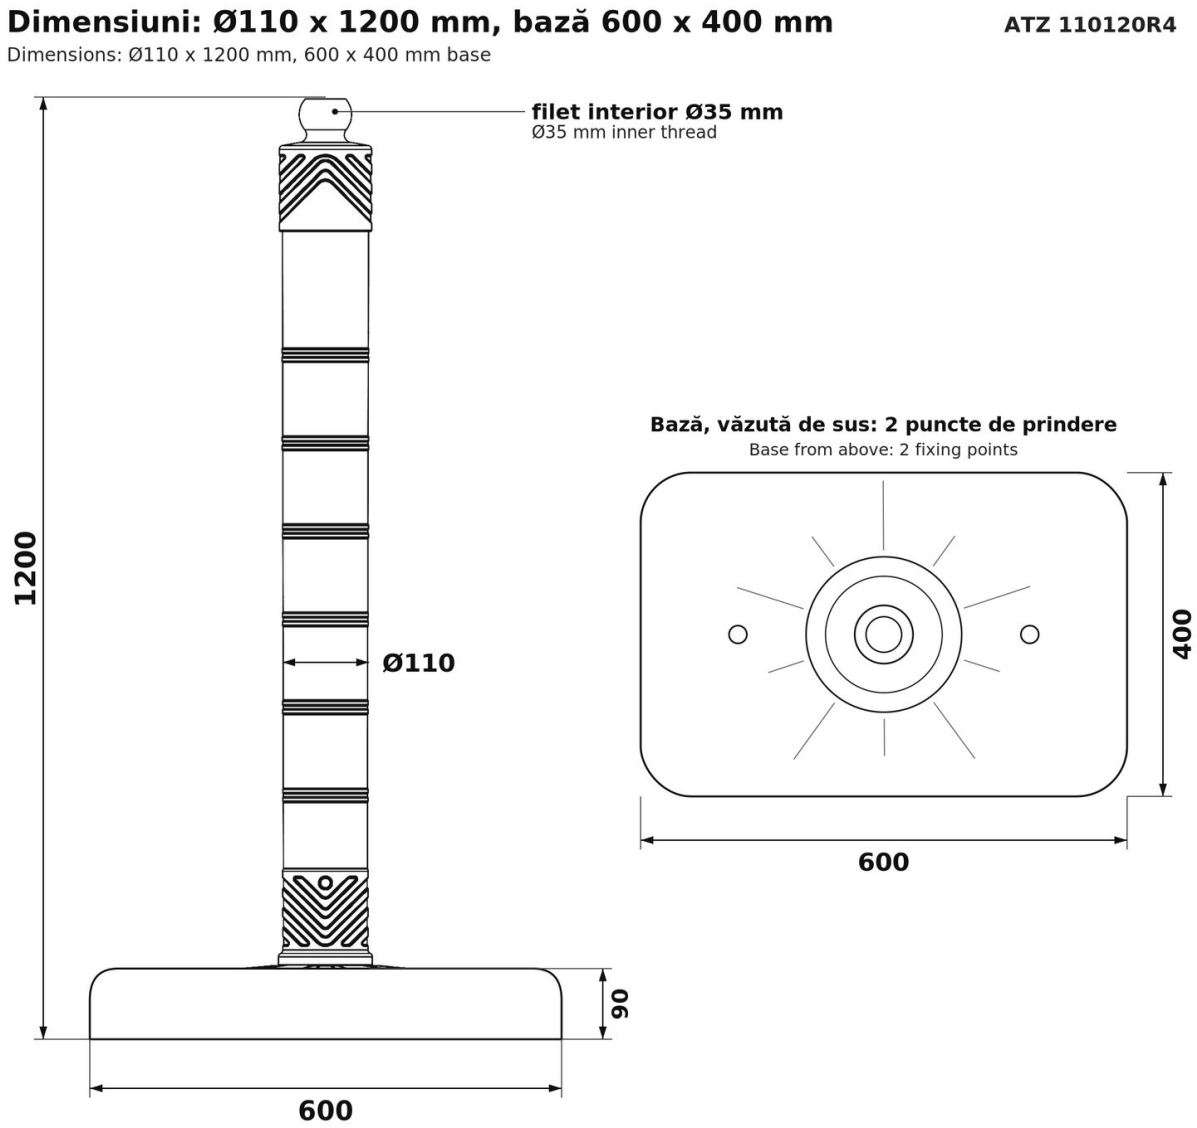

Technical data

- Ø11 cm red PPC post with white head, 120 cm overall;
- black rectangular PPC base, 40 × 60 cm, 9 cm high;
- 10 kg;
- 4 Type 1 glass-bead reflective films;
- thread at the top: Ø35 mm.

Shorter

On the same 40 × 60 cm base, the slim 100 cm post is the ATZ 63100R2.
