Material	PPC
Size (Post)	Ø6.3 cm
Size (Base)	40 × 60 cm
Height (Base)	9 cm
Base Shape	Rectangular
Color	Red
Color (Head)	White
Color (Base)	Black
Installation	2 Dowels, 2 Screws
Reflective	2 white Type 1 glass-bead films
Top	Ø35 mm inner thread
Chain Fixing	At the top, with the ATZ 101A and ATZ 330A hooks (not included)

Description

The ATZ 63100R2 puts the slim 100 cm post, Ø6.3 cm with 2 reflective films, on a 40 × 60 cm rectangular PPC base. The whole post weighs 9 kg, 4 kg more than the round-base version, the ATZ 63315R2.

Why the bigger base

A post linked to others by a chain gets pulled sideways every time someone touches the chain. The wide, heavy base keeps it in place, so the row of posts stays aligned.

Where it is used

For pedestrian walkways, around work areas, at car park entrances and in warehouses, where the posts stay in the same position for days.

Fixing and attachments

The post goes into the socket in the centre of the base. The base has 2 fixing points for anchors and bolts. At the top, the post has a socket with a Ø35 mm inner thread, into which a threaded plastic sign, a lamp or the ATZ 101A hook screws, no tools needed (not included). The chain fastens to the ring of that hook with the ATZ 330A chain hook.

Technical data

- Ø6.3 cm red PPC post with white head, 100 cm overall;
- black rectangular PPC base, 40 × 60 cm, 9 cm high;
- 9 kg;
- 2 Type 1 glass-bead reflective films;
- thread at the top: Ø35 mm.

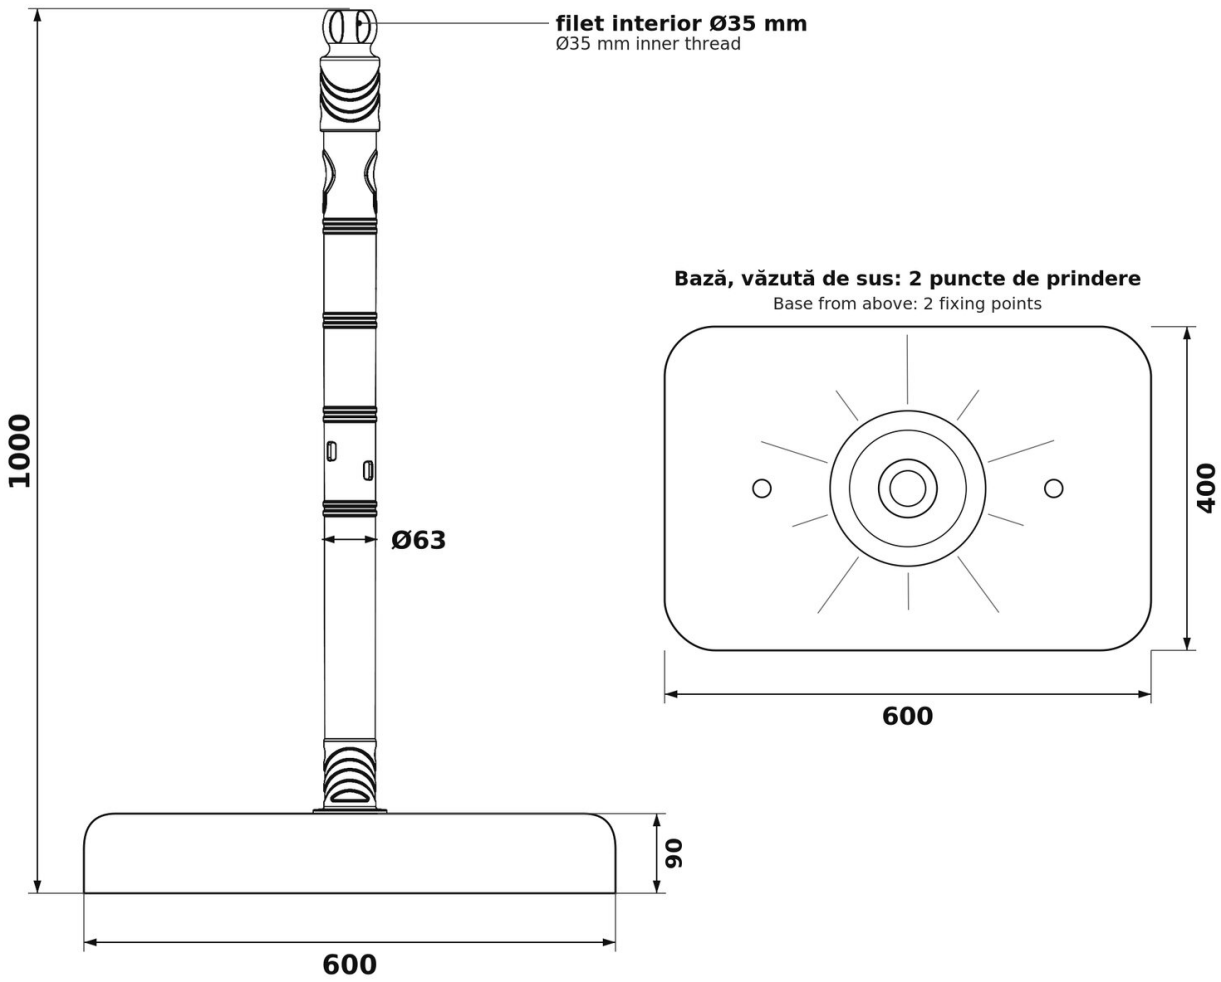

Taller

On the same base, the 120 cm post with Ø11 cm and 4 films is the ATZ 110120R4.
