Installation	3 Dowels, 3 Screws
Reflective	2 white Type 1 glass-bead films
Top	Ø35 mm inner thread
Chain Fixing	At the top, with the ATZ 101A and ATZ 330A hooks (not included)

Description

The ATZ 63315R2 is the lightest portable post in the range: 5 kg, with a red PPC post Ø6.3 cm across and 100 cm tall, on a 36 cm round base. The post carries 2 white reflective films.

Portable or fixed

The post goes into the socket in the centre of the base. It usually stands free on the weight of its base, and you move it when needed. The base still has 3 fixing points for anchors and bolts, if you want the post to stay put for longer.

Chain and attachments

At the top, the post has a socket with a Ø35 mm inner thread. A threaded plastic sign, a lamp or the ATZ 101A hook screws into it, no tools needed. Attachments are not included.

Where it is used

To mark out work areas and pedestrian walkways, to reserve parking spaces and in warehouses, wherever you want a barrier that can be moved.

Technical data

- Ø6.3 cm red PPC post with white head, 100 cm overall;
- black round PPC base, Ø36 cm, 8 cm high;
- 5 kg;
- 2 Type 1 glass-bead films;
- thread at the top: Ø35 mm.

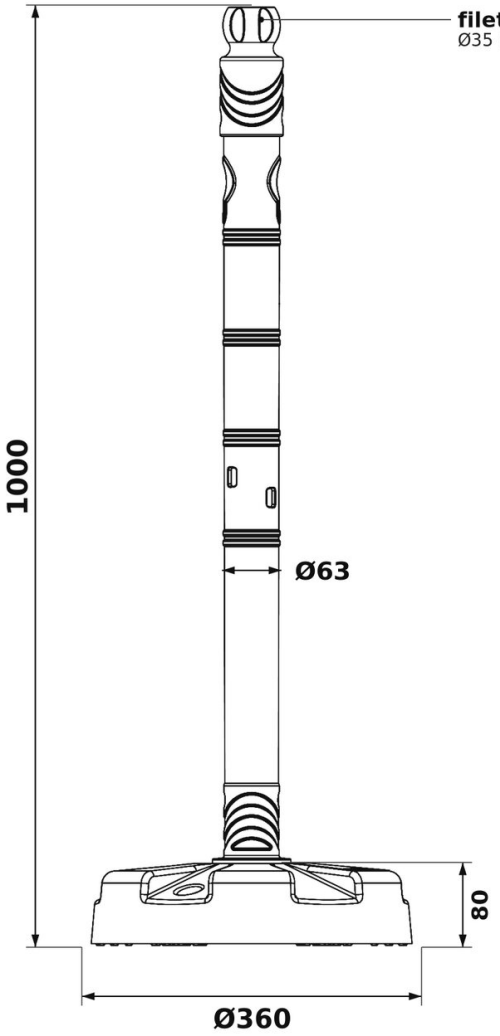

With a heavier base

The same post on a 40 × 60 cm, 9 kg rectangular base is the ATZ 63100R2.
