Technical specifications

Material	Painted Steel
Size (Post)	Ø89 mm x 75 cm
Thickness (Post)	3 mm
Size (Base)	Ø17 cm
Color	Light Green
Reflective	2 Honeycomb
Installation	3 Dowels, 3 Screws

Description

The ATZ M7592-GRd is the flanged ornamental bollard in a lighter green than the ATZ M7592-GR. It is chosen when the bollards need to match existing street furniture, benches or fences in a park or residential development.

What it looks like

A Ø89 mm steel tube 75 cm tall, a brimmed cap, 2 honeycomb reflective bands near the top and a round Ø17 cm flange at the base.

Material

Powder-coated steel with a 3 mm wall, weather-resistant. The bollard weighs 3.5 kg.

Uses

Marking out pedestrian areas, keeping cars off green spaces, and marking access lanes and car parks in residential complexes.

Installation

The flange has 3 holes. The bollard is fixed with 3 anchors and 3 bolts, included free of charge. For a row of bollards along a 12 m path with one every 1.5 m, you need 9 bollards.

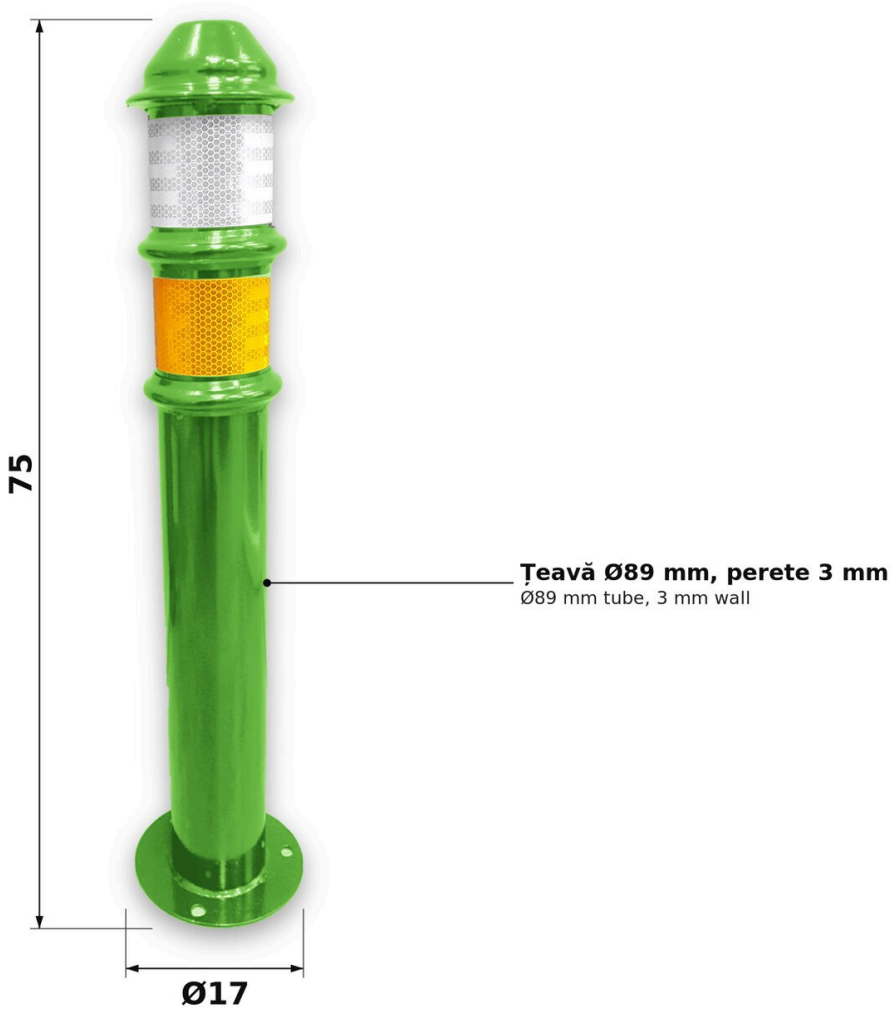

Other versions

Darker green: ATZ M7592-GR. Black: ATZ M7592-BK. For a yellow bollard with chain rings, see the ATD 7580.
